Vastuworld wishes you and your family a Happy
Ganesh Chaturthi

“Life is a balancing act and most fulfilling when we embrace its dualities: the ups & downs, good and bad times, joys and challenges”

In Mayank's own words,

The months gone by have been both chaotic and fruitful. However, my deepest sorrow and loss has been the untimely demise of my beloved, my teacher, my friend my wife, Priti.

She was my guardian angel, the shelter over my head, the spine in my back, the iron in my heart.

She was the compass that steered me to better shores and opportunities and guided me both professionally and personally. She will be missed dearly by every person close to her heart.

Her loss has left a void in me and it will be a long time before I come to terms with her physical absence, however she will always remain a part of me as I move ahead.

This has certainly taught me the uncertainty of life and that God works in mysterious ways. And we should enjoy and cherish every living moment, and Live life to its fullest, with no regrets.

I also thank all of you for your emotional support during my grief and being a strong pillar besides me during one of the darkest phase of my life . With Gratitude and affection, I wish Health and Prosperity to each of you.

FINDING HAPPINESS

FROM THE EDITOR'S DESK

The last eighteen months have changed our lives In many many ways .

We have seen change like we have never seen before .We've felt pain . We've experienced loss . And many things we took for granted have vanished from our lives , our world .

Our work is becoming location agnostic. We were and some of us are still not commuting to work and yet we are left wondering where has that travel time gone. Work and life have merged like those two tabs you keep switching between on a screen. And we are asking questions to ourselves.

Questions we have never asked before.

Like what makes me happy? Why am I doing what I am doing? What really matters in our lives? Can money buy me health and happiness? Who are the people who really matter in our lives?

And I wonder if you've noticed, several people are reassessing their choices in life. Quitting high pressure, high paid jobs to chase their passions.

**“We have two
lives, and the
second begins
when we realize
we have only
one”**

-Confucius

Discovering the joy of being there and seeing a little one grow up, stopping by a tree to admire and smell the fragrance of the blooms. Choosing to spend time with an ageing parent, who clasped our hand and helped us to take those first steps. To look within, introspect, and look at life with a different perspective – Seeking happiness. And finding it too in small wonders, in gratitude, in doing selfless acts – however small they may be, discovering humanity as it should be.

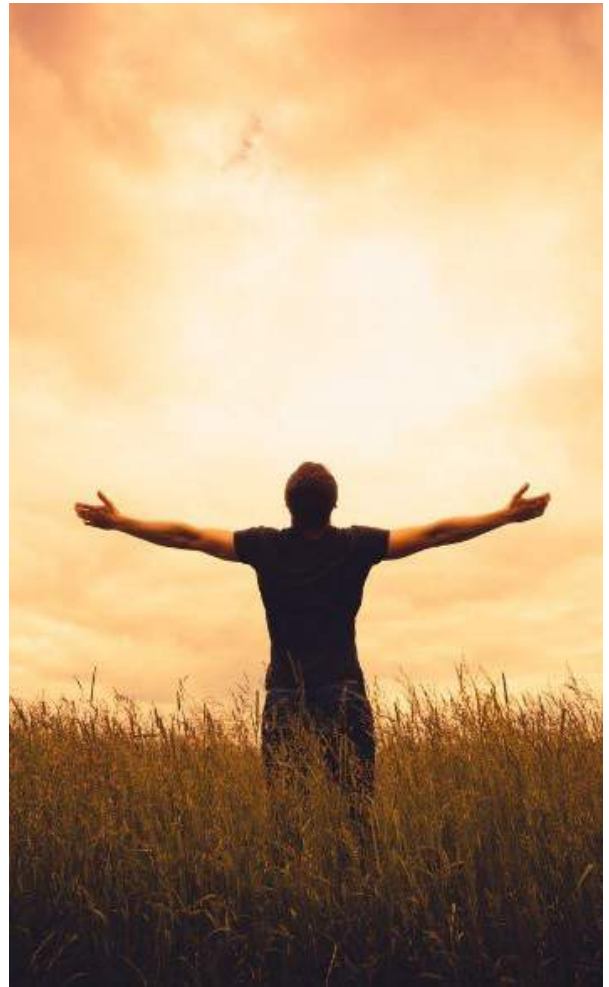

Ultimately re-enforcing and our faith in the Divine. Confucius was right, when he said – We have two lives, and the second begins when we realize we have only one.

It's your life. Live it well. Enjoy this moment, this moment is your life .

This Vastu times – is a compilation of a year's progress and innovations, made at Vastuworld .

- Our step into the online mode of teaching from Webinars to the Launch of our Learning portal.
- New look for the Vastuworld website
- Launch of 48 Infinity – website dedicated on Jainism.
- Launch of many remedies – for the mind, body and space.

What better time than Ganesh Chaturthi to relaunch Vastu times. Wishing you and your families Good Health and Prosperity.

VRUSHALI KUTE - EDITOR AND CEO, VASTUWORLD

“LEARN, TEACH AND INNOVATE”

AN INITIATIVE IN ADAPTING TO THE UNPRECEDENTED

Come the first lock down and like other’s we were also caught in a dilemma and uncertainty. However, as they say, when the going gets tough the tough get going. The thing that we missed most was the personal connect with our old students and introducing new people to Mayank’s philosophy and ideology on Vastu , Energy sciences and the science behind Jainism , Bhaktamar stotra and its energies.

And like many, we too adapted to this Change – a change in connecting with people, interacting with the help of an electronic medium and grabbed on this opportunity to fill the void and use this time to Learn, Teach and Innovate.

We hosted a series of Webinars to reconnect and share knowledge with our students.

लेकिन सदियों पहले **जैन तीर्थंकरों** ने भक्तामर स्तोत्र के माध्यम से ध्वनि कंपनों का महत्व बताया था। **YEAR BACK JAIN SAINTS HAS UNDESTOOD THE IMPORTANCE OF SOUND & ITS VIBRATIONS**

Cosmic Symbols

Cosmic Symbol (CS), Cosmic Symbol-9 (CS-9), Cosmic Symbol-30 (CS-30)

Cosmic symbols are energy correction and balancing remedies.

They are also called energy shields as they neutralize the negative energies, generated by improper heights and levels. They also control the thermal, magnetic, & electrical sheaths of living forms, plants and animals.

- Act as virtual boundaries where we are manipulating natural energy flow.
- Have a stronger and wider range of influence.
- Can be used for both interior and exterior purposes.

Application

Interior - The cosmic symbols are glued or stuck using a double-sided tape on top of the floor.

Exterior - The cosmic symbols are buried in the ground or under the tiles.

Note:

- All the 3 types of cosmic symbols can be used in combination as well as separately.
- The cosmic symbols are always used in pairs and not as a single piece in order to energize the energy loop.
